**SEEK
IMPROVEMENTS**

Deep Dive. Scenario

**SEEK
IMPROVEMENTS**

**PROMOTE
IMPROVEMENTS**

DEEP DIVE

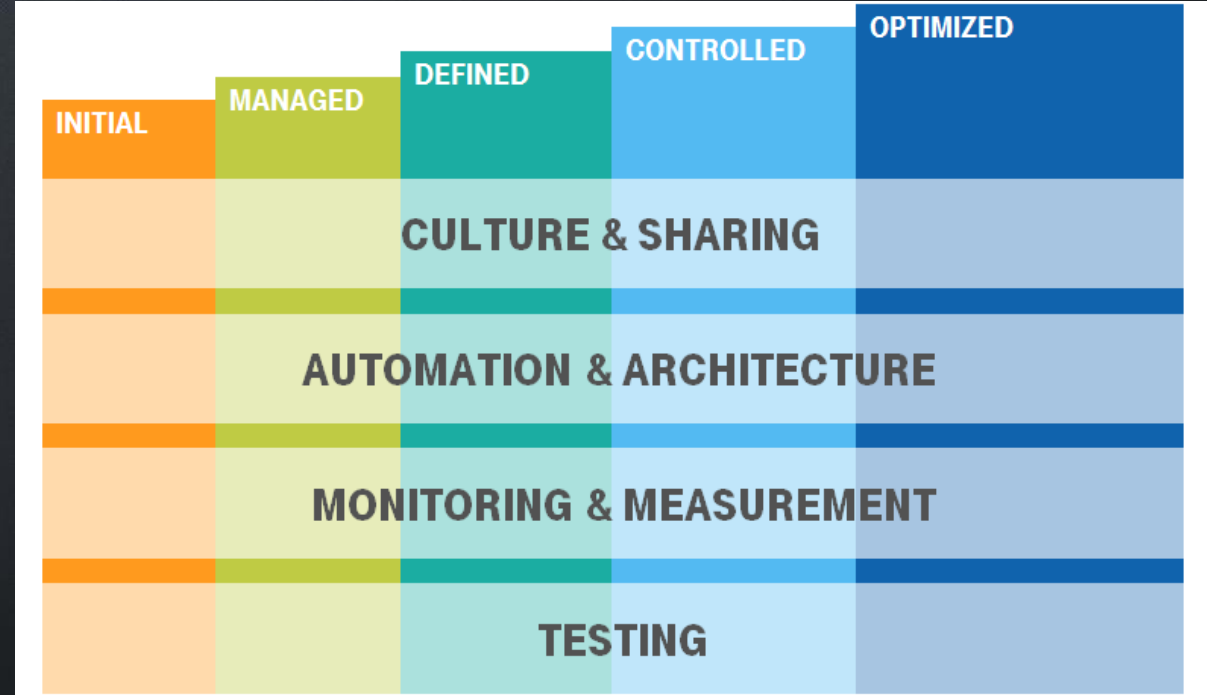

- 1) Request from team
- 2) Project team involvement
- 3) Expert involvement in team activities
- 4) Scenario & Agenda for each Area

Agile Scenario (default)

Activities	Description
Intro	Initial interview with the PM-SM, project specifics
	Interview with team members ("view from below"),
	Interview with Product Owner
Planning Game	Participation in Planning Game
	Planning Game follow up
Demo	Demo
	Follow up demo
Retro	Retro
	Follow up Retro
Finalization	Artifact analysis
	Time slot for extra meetings and communication with the team
	Final Report preparation (recommendations, conclusions, results)
	Presentation of results, discussion with the team

Deep Dive. Materials

DEVOPS MATURITY MODEL

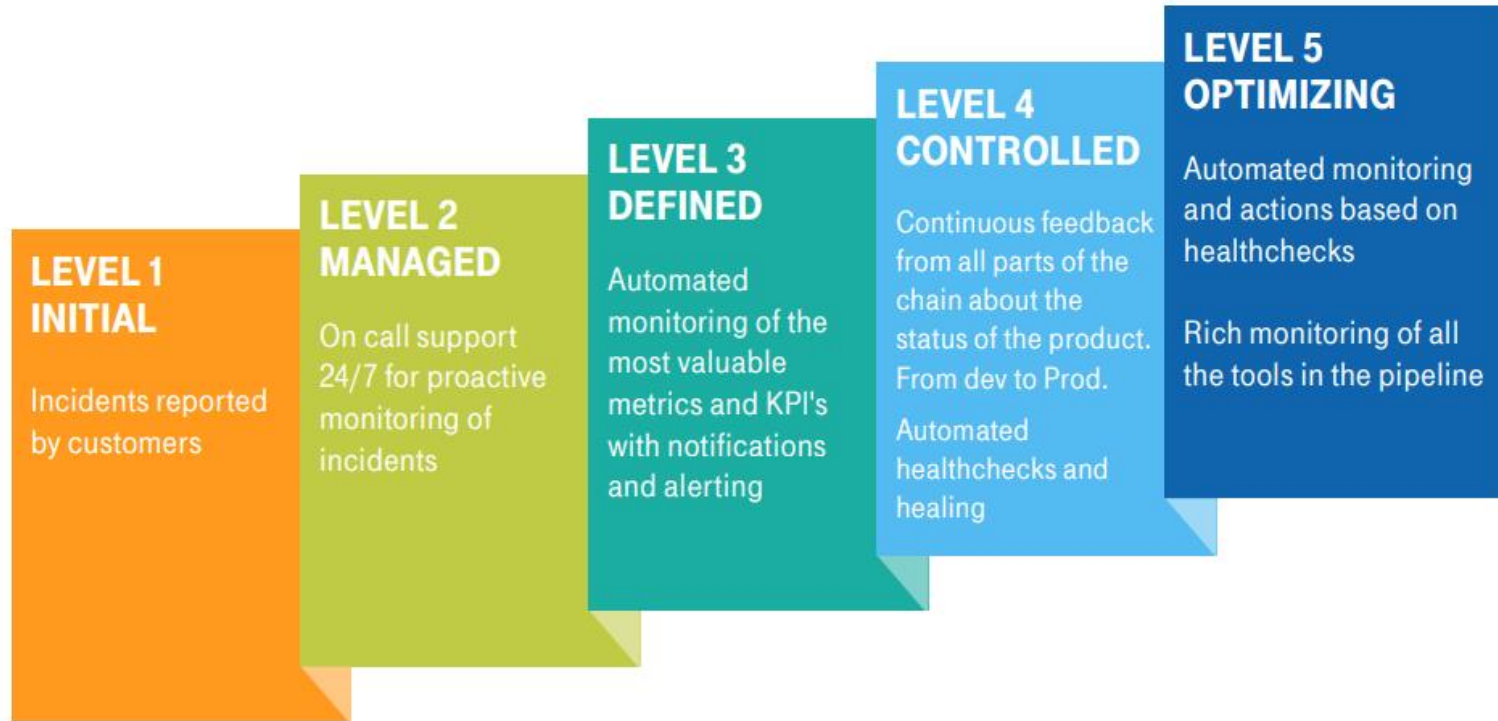

Deep Dive. Materials

DevOps

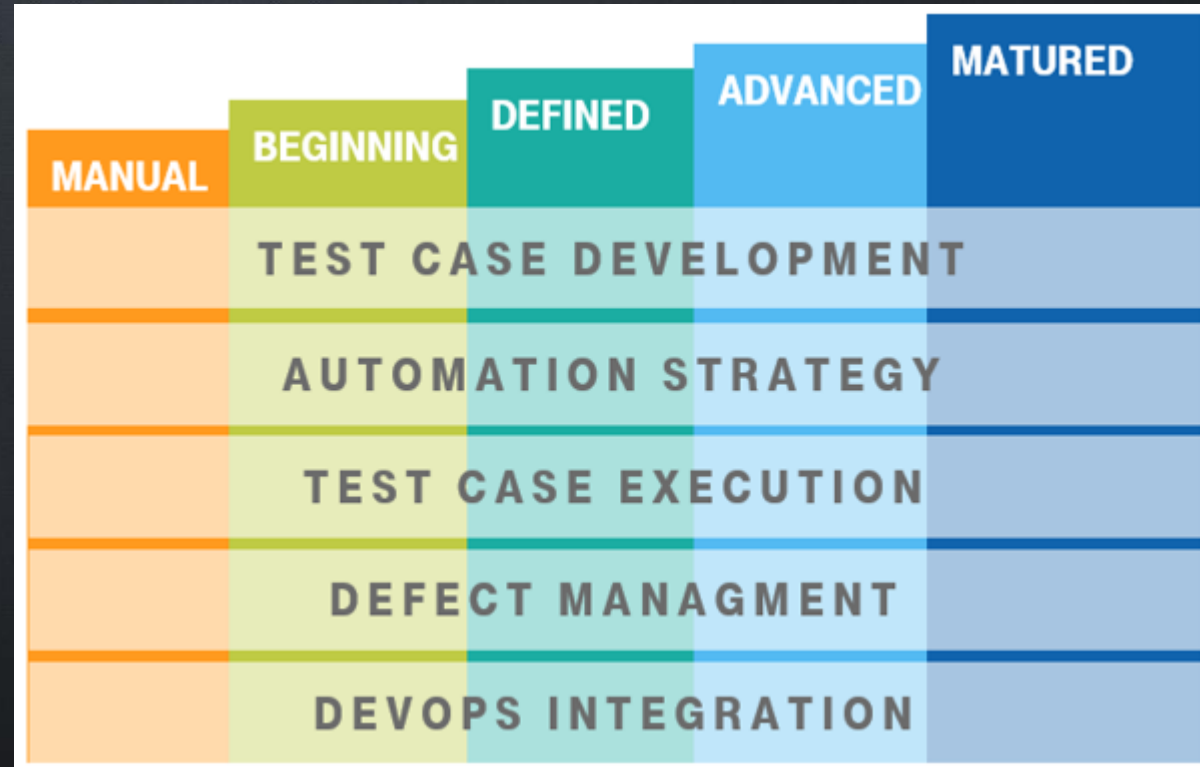

- Culture & Sharing
- Automation & Architecture
- Monitoring & Measurement
- Testing

MONITORING & MEASUREMENT

TEST AUTOMATION MATURITY MODEL

Deep Dive. Results

PROMOTE
IMPROVEMENTS

Final Report

- 1) **“Project” State Of The Art**
- 2) **Pain Points**
- 3) **Possible Optimizations**
 - **Phase 1, Phase 2, Phase 3...**
 - **Reasons**
 - **Criticality**
- 4) **Estimations for Implementation**
- 5) **Summary and next steps**

Money

DeepDive

What's the price? Agile

DEEP DIVE.

 - no additional time costs for the team

APPROX. TIME ESTIMATIONS (AGILE EXAMPLE)

Activities	Description	Hours
Intro	Initial interview with the PM-SM, project specifics	2 h
	Interview with team members ("view from below"),	4 h
	Interview with Product Owner	1 h
Planning Game	Participation in Planning Game	2 h
	Planning Game follow up	1 h
Demo	Demo	2 h
	Follow up demo	1 h
Retro	Retro	2 h
	Follow up Retro	1 h
Finalization	Artifact analysis	3 h
	Time slot for extra meetings and communication with the team	4 h
	Final Report preparation (recommendations, conclusions, results)	4 h
	Presentation of results, discussion with the team	2 h
Summary	Duration (average): ~ 3 weeks	29 h

several cycles?

LIFE IS FOR SHARING.

LIFE IS FOR SHARING.

What's the price? Non-functional Testing

DEEP DIVE NFT LUP APPROX. TIME ESTIMATIONS

Stages	Steps	Estimation*, hours
Intro	Meeting with team (PM, Devs/Testers). Test planning	1 - 2
Test design	Test analysis/Test design/Proof-of-Concept (PoC) preparing	40
	Test/PoC presentation	1 - 2
Implementation	Test development	40 - 60
	Deployment	8 - 24
	Test run, results analysis	16 - 32
	Report	2 - 8
Knowledge transfer	Workshop preparing	16 - 24
	Workshop	2 - 7
Summary	Duration: ~ 4 - 6 weeks	126 - 199

* depends on the complexity of the task

Deep Dive ...

... IS NOT ANOTHER PROJECT AUDIT

... IS NOT ANOTHER REPORT

... IS NOT A PUNISHMENT OR JUDGMENT OR SANCTIONS

... IS NOT MANDATORY

... IS AN INSTRUMENT OF TRUST AND SHARING

DEEP DIVE

ПРОКАЧАЕМ ВАШ ПРОЕКТ

Лучше – бывает.
